oreilly.com 2021-01-25 13:03

...languages Since last year, O'Reilly online learning has seen a 14% increase in the use of content on functional programming. However, Haskell and Erlang, the classic functional languages, aren't where the action is; neither shows significant usage, and both are headed down (roughly 20% decline...

twitter.com 2021-01-19 00:03

Have you ever thought about your code and said fuck it. Is it time to write that code in Erlang or Haskell and call it a day?

twitter.com 2021-01-30 05:24

lol, I don't think Node.js runs on Amiga. I did get it running on my PowerMac G5, on Linux, and that was challenging enough. It doesn't run on OpenVMS either. Node.js is a very sensible choice for a modern BBS. I think Erlang/Elixir would be even better, but it's not well known.

Console #25
console.substack.com 2020-11-01 16:10

...PHP and stuck with it for a few years. Then I picked up Erlang out of necessity for a massively multiplayer game server we were working... Rails seems to come "pre-plumbed" which increases my productivity. I also like Erlang (though my knowledge is probably outdated now) because it exposed me...
